Late Registration Fees (If you register after March 31)	
April 1 – June 1	\$100/ student
After June 1	\$250

Re-enrollment for the 2018-2019 school year:

Re-enrollment, otherwise known as “registration,” will be held at Fayette Academy during the week of Thursday, March 1, 2017 – Wednesday, March 7, 2018. By March of each school year, tuition for the current year should be paid in full and up-to-date. Thus, we re-enroll at that time. Families re-enroll by paying the building fee, the admin fee, and the insurance fee. Tuition payments for the next school year begin in April.

Please make plans during the week of Thursday, March 1 – Wednesday, March 7, 2018, to come to the school, visit the business office, and pay the current building, admin, and insurance fees. At that time, your tuition payments will be set for the next twelve months.

Why is it so important to re-enroll in March?

- Student course requests can only be put into the computer to build schedules after the student is re-enrolled (registered) for the next school year.
- Waiting to enroll or re-enroll may mean classes needed for graduation requirements or grade levels may fill.
- Students can only participate in activities pertaining to the next school year after re-enrollment is complete (ie. Spring conditioning for the next season, running for club or class officer positions, trying out for teams for the next school year).

- Building student schedules, setting course sections, determining placement of faculty and staff, determining the number of course sections offered, and being able to adequately plan and prepare for next year's scheduling needs can only be done after students re-enroll.
- Re-enrolling in March allows Fayette Academy to provide the very best educational opportunity for each and every student by allowing the school to adequately prepare for our students' educational, curricular, and extra-curricular needs.
